Landscape Architect (5+ years)

Hamilton Anderson Associates, AIA Firm of the Year in 2019, is a multi-disciplinary design firm located in downtown Detroit. For 25 years we have been dedicated to improving the built environment through creative, contemporary design. HAA’s diverse group of design professionals work collaboratively across multiple disciplines, including architecture, interiors, landscape architecture, and planning. Our design process combines rigorous analysis, intuitive curiosity, and thoughtful execution to create inspiring, contextually-responsive solutions.

Our Landscape Architecture team seeks a Professional Landscape Architect who is a motivated team player and driven project leader. This is an exciting opportunity to contribute directly to the revitalization of Detroit through leadership of a diverse array of projects including mixed use and multi-family developments; parks and recreation; cultural institutions; small commercial renovations; higher education; streetscapes and plazas; and district, neighborhood and corridor plans.

Position Description:

- Act as project lead for intermediate to complex projects, depending on experience:
  - Collaborate with and supervise team members to execute project.
  - Liaise with Owner/Client on behalf of Site Team, in conjunction with HAA Project Architect and Project Manager, when applicable.
  - Participate in project meetings and coordinate work across the Design Team.
- Develop site analysis, research, and conceptual design studies.
- Prepare and deliver presentations for owner/client and public meetings.
- Prepare design drawings and construction documents, including specifications.
- Conduct field site visits and construction administration.
- Mentor and train less experienced team members in project delivery tasks.
- Actively participate in internal Site Team design reviews and design processes.
- Build collaborative relationships both internal and external to HAA, with a focus on reinforcing HAA’s relationship within the City of Detroit, with allied professions and organizations, and with existing and prospective clients.
- Contribute to the design community outside the office by participating in design and community-centric events throughout Detroit.
- As knowledge and experience level increases, take leadership of increasingly complex projects and tasks.

Requirements:

- 5 or more years of progressively responsible experience in all phases of landscape architecture.
- Advanced proficiency in AutoCAD, Adobe Creative Suite, Sketchup, and Microsoft Office (Lumion, AfterEffects, Rhino, Revit, GIS and others are a plus).
- Bachelor’s or Master’s degree in Landscape Architecture from an accredited program.
- License to practice Landscape Architecture in Michigan or a reciprocal state.

To Apply:

We ask qualified applicants to send a resume, cover letter, and portfolio to careers@hamilton-anderson.com with “Application - Landscape Architect” in the subject line. Those who fulfill the position requirements will be contacted for interviews. No calls please.
